

DOUBLE FLIGHT SUCCESS

Englishman Driving a
Wright Biplane Makes
Round Trip Across
Channel

EXCELLENT TIME MADE

Hon. Charles Stewart Rolls of the
Army Motor Reserve, Who
Made Flight, Given
Ovation.

Dover, England, June 3.—The
Hon. Charles Stewart Rolls, captain
in the London section of the army
motor reserve, driving a Wright bi-
plane, vindicated Anglo-Saxon aero-
nautics by crossing the English
channel twice last evening without
alighting. He made the round trip
between Dover and Calais in ninety
minutes.

While two Frenchmen, Louis Bleriot
and Count De Lesseps, have
crossed the channel in an aeroplane,
it remained for an Englishman in an
American machine to perform double
feat. The distance between the two
points is 21 miles, so that his
over water distance of 42 miles with-
out a stop establishes a new record.
Captain Rolls left Dover at 6:30
o'clock. The atmospheric conditions
were excellent. He lost no time in
maneuvers, but after describing a
circle, headed towards the coast of
France. In anticipation of the flight
torpedo boats steamed at full speed
across the straits, but the pace of
the aeroplane was swifter.

Captain Rolls sent his machine to
a height of 300 feet, and at that alti-
tude he skimmed through the air
like a great bird. The motor work-
ed perfectly. The crowd that watch-
ed the start confidently awaited the
return, and it was not long before
the speck, which these who had tele-
scopes saw disappear on the French
coast, reappeared, growing larger
with every minute.

When finally the aviator became
visible to the naked eye cheer after
cheer arose from the enthusiastic
spectators, and as he gracefully
soared toward the landing place made
famous by Bleriot he was given an
ovation. He alighted at 8 o'clock at
almost the same spot as Bleriot, show-
ing little signs of the strain of the
magnificent flight.

Captain Rolls was overwhelmed
with congratulations as he dismount-
ed, but he replied modestly. He said
much of the credit was due to the
biplane, which ran perfectly through-
out the whole flight, not missing
sparking once.

As he was passing over Sangatte
the aviator dropped a paper tied with
tri-colored ribbons, containing the
following message:

"Greeting to the Aero Club of
France, dropped from a Wright aero-
plane crossing from England to
France. Vive l'Entente."
Captain C. S. Rolls has success-
fully followed the sports of bicycling,
automobile, ballooning and aero-
planing. At Cambridge University
he was the captain of the bicycle
team. Later he competed success-
fully in numerous automobile com-
petitions and was awarded the gold
medal for his performance in the 1000-
mile trials of 1909 in England. He
drove as the representative of Great
Britain in the Gordon-Bennett race
of 1907. Several times he broke
the world's record for speed.

Captain Rolls has made more than
160 balloon ascensions. Taking up
the sport of heavier-than-air ma-
chines he made a flight with Wilbur
Wright at Le Mans in October, 1908.
On May 27 last he started to make
the cross-channel flight, but he had
gone but a few yards when his en-
gine failed and the attempt was
abandoned.

Louis Bleriot and Count De Lesseps
have successfully crossed the
channel starting from the French
side, but up to yesterday no one had
made the flight with the start from
the English coast.

THREE ALIOT AT SAME TIME.
New York, June 3.—Spectators of
the aeroplane flights of the Ham-
stead Heath on Long Island yester-
day saw three aeroplanes aloft at
once, circling, passing and re-passing
each other at various altitudes.

Charles K. Hamilton, who has an-
nounced that he will compete in the
promised New York to Chicago flight
went up 1000 feet in a Curtiss bi-
plane and remained aloft for half an
hour.

The veteran Captain Baldwin made
a cautious trial in a machine of his
own invention.
Clifford B. Harmon, who proposes
to cross Long Island Sound and the
island itself to Greenwich, Conn.,
made a trial of 12 miles in a Farman
biplane at a height of 200 feet and

came to grief in landing. He smash-
ed his propeller and damaged several
stays, but escaped personal injury.

EXPECTS LONGER FLIGHTS.
New York, June 3.—Greely S. Cur-
tis, a New York motorist and brother
of Assistant Secretary of State Cur-
tis, says that much longer flights
than the Curtiss flight from Albany
to New York may soon be expected.
Mr. Curtis arrived from Europe on
the Teutonic. He said:

"The Wrights are proving the
great stumbling blocks for foreign
aviators who might come to this
country. The foreigners all fear
trouble awaits them here in legal
actions by the Wrights."

WRIGHTS WILL ENTER.
Dayton, June 3.—Orville and Wil-
bur Wright announced here last
night that they will enter the long-
distance aeroplane contests which
have been announced if the condi-
tions are favorable. The Wright ma-
chines have already been shipped for
the forthcoming Indianapolis flight.

COUNT DE LESSEPS SENDS
HIS CONGRATULATIONS.
Paris, June 3.—Count De Lesseps,
who recently crossed the channel
himself, wired his congratulations to-
day to Charles Stewart Rolls, who
yesterday made the round trip flight
over the channel.

"I had set my heart on being the
first to make that trip myself," said
De Lesseps. "There is nothing left
now but to fly from England to Ger-
many across the North Sea. I expect
to see it done within the year."

LITERARY CRITIC AS A READY LOVE LETTER WRITER

New York, June 3.—Professor Harvey
Thurston Peck, editor of the Columbian
Journal, a Latin American maga-

zine writer and literary critic, has
demonstrated that he is a ready love
letter writer. Miss Esther Quinn has
sent to him a well known letter from
her brother, promising and pro-
ducing notes of letters alleged to have
been written by Professor Peck in the
most endearing terms. Professor Peck
is expected to reply to the suit.

ARE CELEBRATING KING'S BIRTHDAY

London, June 3.—Schools and courts
throughout the country are closed and
flags are flying everywhere today in
celebration of the king's forty-fifth
birthday. Because of the national
mourning there were no parades.

FOREIGNERS THREATENED

New York, June 3.—A missionary
society with branches in China and
business houses that it do their
business today in the opinion that for-

eigners throughout China are in
serious danger. Efforts of the foreign
office to minimize the danger are
severely criticized.

A vast network of Chinese secre-
taries working under an organiza-
tion called the Triad is back of the
disturbance. A repetition of the
Barr uprising is threatened unless
the land takes some drastic action.

WOULD LIMIT THE DEBATES

Washington, June 3.—Conferees
were held today in an effort to limit
debates on the postal savings bank
bill to two days, one for general de-
bate and one for debate under the five-
minute rule. The Democrats are
holding out against the plan.

SOLDIER

Hangs Self in Cell Rather Than
Participate in Execution of His
Father.

Vienna, June 3.—While awaiting
punishment today for refusing to
take part in the execution of his own
father by a firing squad, a Turkish
soldier named Affa hanged himself
in his cell. The soldier's father, Affa
Bey, was a prominent Albanian
magnate who joined the recent revo-
lution.

FIGHT

Looked For on Bill Which May Mean
Dismissal of Director Newell,
of Reclamation Service.

Washington, June 3.—A fight is
looked for today when the house
bill providing for an increase in the
efficiency of the army engineer corps
comes up in the senate. Many
regard it as a step towards the dis-
missal of Director Newell, of the
reclamation service. Suspicion cen-
ters on the provision empowering the
president to detail army engineers to
all government construction work.

COMPROMISE

Of Conference Committee on Rail-
road Bill Will Have to Suit
House Senate and the
President.

Washington, June 3.—There are
so many differences between the sen-
ate and house railroad bills that a
lively fight is looked for when the
conference committee tries to ar-
range a compromise to suit house,
senate and president. Senator Ald-
rich and Representative Mann are
prepared for every angle of the fight.
Each is strongly insistent for the
products of his branch of the legis-
lative mill. The commerce court is
the big bone of contention.

UNABLE TO MEET TAFT

Columbus, June 3.—Wade Ellis,
chairman of the Republican state ex-
ecutive committee, was unable to
meet President Taft at Ada today,
being confined to his bed at the
Southern Hotel, suffering from gall
stones.

STILL IDEAL IF HEART IS BROKEN

Boston, June 3.—Proclaiming
through tears that she has been
basely deceived, Miss Esther Quinn
said at her home here today that she
will refuse to compromise her \$50,000
breach of promise suit against
Prof. Harry T. Peck, of Columbia
University.

"He is still my ideal, though he
has broken my heart," said
Quinn.

ACROSS THE CONTINENT

Miss Blanche Scott and another young woman left New York May 12
on her third and last transcontinental trip. Miss Scott was in Colum-
bia this week and had a chat with Governor Harmon, who was much in-
terested in her feat and as of many questions concerning it. At Dayton
Miss Scott witnessed the start of the Wright Brothers at Aviation field.

CAPTURED 400 PRISONERS

American Protection in Bluefields
Is Greatly Appreciated by
Foreigners.

Washington, June 3.—Latest advices
from the battlefield in Nicaragua show
that the insurgents, under General Es-
trada, have gained a complete victory
over government forces.

Senor Castillo today received
cables sent by Secretary Diaz
from Bluefields via Colon, saving the
armies of Generals Lara and Godoy
had been annihilated.

From General Rivera, Senor Cas-
tillo also received cablegrams report-
ing the Chamorro took 240 prisoners,
great quantities of ammunition and all
the field pieces the Madriz forces pos-
sessed.

More than 200 wounded were taken
by the insurrectionists and cared for.
Owing to the character of the
country a flight of the Government
troops to the base of supplies at Rama
must be a long and arduous over-
land journey at this season of the
year would be impossible.

Before junction of the remnants of
the Government forces could be effected
three San Carlos believes General
Mena-Sanchez can take what is left
of the Government army at that place.

The decree issued by Dr. Irias, in
command of the Madriz was vessel
Venus, at Bluefields to the effect that
no vessels will be permitted to enter
that port after June 1 without the
consent of the Madriz Government,
and without having first paid duties at
the Custom House in Bluefields.
The decree will be disregarded by Captain Gilmer,
of the United States gunboat Paducah.
Should Iria attempt to prevent any
American vessel from entering the har-
bor without first paying duties at
the bluff he will do so at his peril.

This is the announced position of
the United States Government.
It will be noted that Secretary
Knox, in his telegram to Captain
Gilmer last Tuesday, stated in effect
that the United States admitted the
right of the Esclada faction to collect
customs for Bluefields and denied the
right to the other faction, and inas-
much as the United States recognized
neither faction as a government of
Nicaragua, but merely as in de facto
control of portions of the country,
declarations of either's part which
are inconsistent with this attitude are
without effect on the United States
and its citizens.

A belated telegram from Consul
General Moffat, at Bluefields, states
that the number killed in the recent
engagements here was about 150,
with 250 wounded.

A dispatch from Managua, however,
says that President Madriz declares
that there is no truth in the report
that his troops were defeated at Blue-
fields. General (day's) column, he
says, is now concentrated at Cochara,
to the south of Bluefields, owing to
the dangers of the rainy season and
with the object of operating to greater
advantage against the enemy.

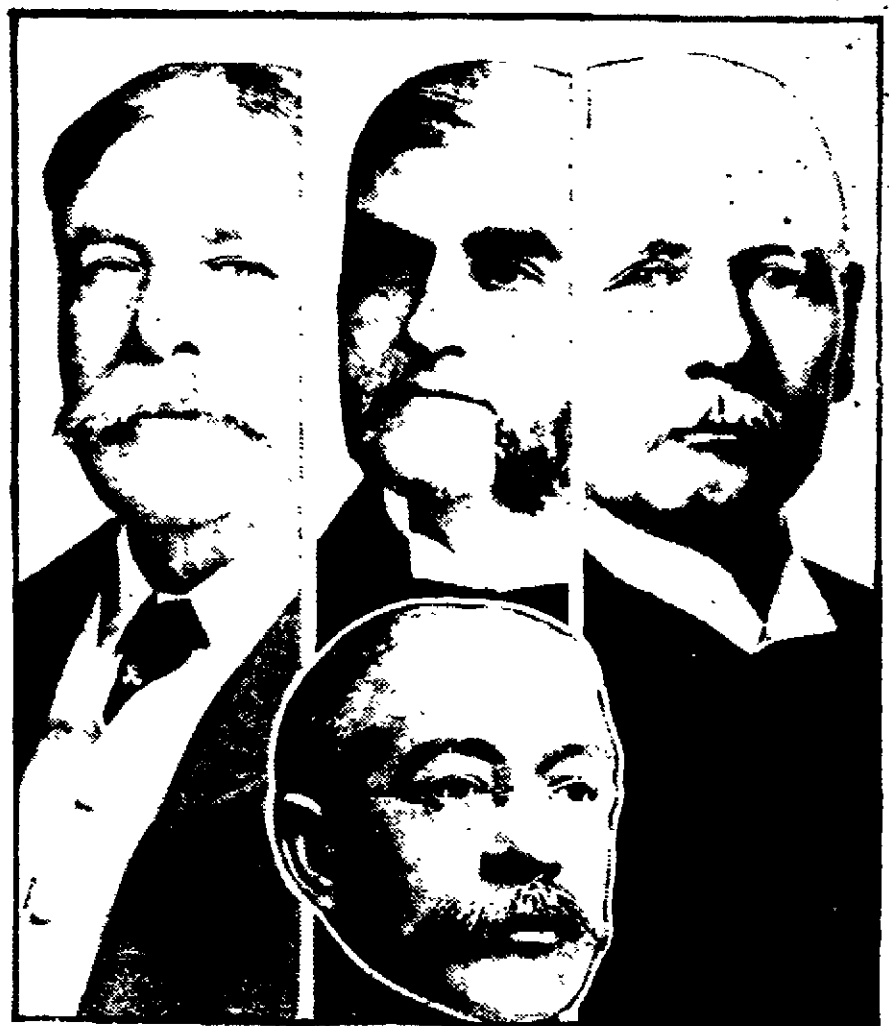

In the operations around Bluefields,
the President's son, General Godoy,
suffered some losses when the enemy
swarm, exaggerated for political pur-
poses, General Gavarrina, who is op-
erating against Iria, has suffered no
reverse.

"Our forces," continues President
Madriz, at the present moment occupy
the Bluefields. Lagunas, De Es-
clada and Bluefields are all in our
hands. I am sure that the enemy
have taken refuge up the river to-
ward the coast.

The protection afforded by the
American flag in the present moment
occupies the Bluefields. Lagunas, De Es-
clada and Bluefields are all in our
hands. I am sure that the enemy
have taken refuge up the river to-
ward the coast.

GIANT LEGAL BATTLE TO BE WAGED BY GOVERNMENT AND RAILROADS

Washington, June 3.—The restraining
order granted by Attorney General
Wickersham, forbidding 25 western
railroads from increasing their freight
rates, is going to bring out one of the
greatest legal battles in the history of
the country. It is the reply of the

PRESIDENT TAFT ADDRESSES BIG CROWD AT ADA SCHOOL

Ada, O., June 3.—Muckrakers,
unscrupulous lawyers, socialists and
modern newspapers were denounced
today by President Taft in his ad-
dress to the graduating class at Ohio
Northern University here. He pre-
dicted a financial panic within the
next decade, but said it would be
merely a check to a great wave of
prosperity.
Ada, with 3000 population, aug-
mented by about 1500 visitors, gave
President Taft the most enthusiastic
reception he has received in many a
day. Four companies of Ohio militia
lined up the crowd as the Taft
train arrived. At the college he was
given a noisy welcome by the stu-
dents. Some of the things Taft said
were:

"There is as much room for fu-
men in business today as there ever
was."

"I regret that in the present gen-
eration the strongest young men
have not been attracted to the min-
istry."

"The conduct of the defense of
criminals in this country and the ex-
tremes to which lawyers believe
themselves justified in going to pre-
vent the law from taking its course
over act on either faction citizen-
against this government, its citizens
or their property rights, should make
it necessary, no time would be lost in
bringing the responsible party to ac-
count."

eration the strongest young men

istry."

SUDDEN FALL KILLS JOCKEY

Cleveland, June 3.—The fall of a
horse, which occurred at the race track
here, resulted in the death of a jockey.
The horse, named "Stewart," was
owned by a local owner and was
being ridden by a jockey named "Stewart."

KOHLER TRIAL AT CLEVELAND

Cleveland, June 3.—Over 1000
people were expected to attend the
trial of Fred Kohler, charged with
murder, at the city hall here today.
The trial was postponed for a
few days because of the illness of
one of the witnesses, who is expected
to appear today.

DENIALS ENTERED BY FIGHTERS

Governor Gillette's State-
ment Splits the Fight
City of Frisco

TEX RICKARD SPEAKS UP

Would Not be a Party to Any
Fake and Will Stop the Affair
Upon Least Suspicion.

San Francisco, June 3.—With the
fight between Jeffries and Johnson
still a month off, interest in the
match has been accentuated by Gov-
ernor Gillette's statement, made yester-
day in Chicago that the fight is a
frame up, with Jeffries picked as the
winner.

While Frisco fight fans admit that
Gillette's information is second hand
at the best, and possibly biased be-
cause of the constant hammering the
governor has received from the re-
formers, it is nevertheless true that
his interview has split this city al-
most as badly as the earthquake.
Every man, woman and child here
has a decided interest in the fight
and the population has been divided
into two camps, one of which, an-
xious to have the fight pulled off, de-
clares that it is to be a "frame up,"
while the other, anxious to have the
fight called off, is making capital
out of Gillette's interview.

Frisco people are wondering upon
what ground Governor Gillette based
his assertion that the fight was not
"on the level." They believe that if
Gillette has positive knowledge that
the fight is to be crooked he should
find some way to prevent it. If, on
the other hand, he declared the fight
was to be a fake simply because he
believes all of the fights are fakes,
sporting men declare he has injured
his own cause by making a rash as-
sertion without proof to substantiate
it.

Jeffries and Johnson have both en-
tered bitter denials. Jeffries points
to his long career in the ring as
proof that this fight is not crooked.
Johnson, however, can point to no
such record. He has been a notor-
ious fakir. He has been "caught
with the goods" in a number of fake
fights, but he declares those were
pulled off when he needed money for
"acts." Now that he is fairly rich
and his title as world's champion is
at stake, he declares nothing could
induce him to lay down. His hand-
lers point to the fact that the per-
sonal animosity between Jeffries
and Johnson is so great that they
would fight in earnest, no matter
what previous understanding had
been reached.

Tex Rickard, who is to manage
and referee the fight, in an interview
today declared he would enter the
ring with his eyes wide open.

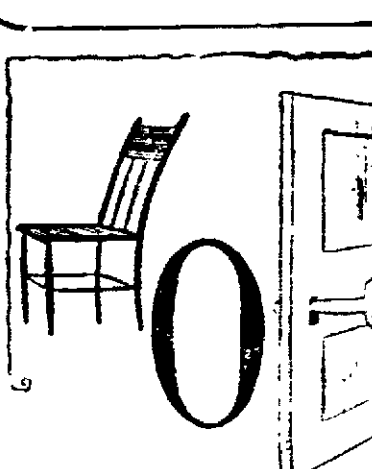

"If there is the slightest semblance
of a fake, I shall stop the fight, de-
clare all bets off and refund every cent
of the gate money to those persons who
paid to see the battle. But I know
there will be no fake, else I would
stop paying out my good money in the
preliminary arrangements."

The church people do not intend
to let the matter drop. The moment
Governor Gillette re-enters Califor-
nia, he will be made the target to
a broadside of letters demanding
that he stop the fight. There is
the likelihood that Gillette will
refuse but the reformers have no
given up hope.

CORBETT SPEAKS FOR JEFF.
Riverside, Cal., June 3.—Ja-
mes Corbett has been selected a
spokesman for the Jeffries camp in
replying to the interview with Gov-
ernor Gillette. Corbett declares the fight
is most positively not a frame up.
Jeffries, holding mad, has contented
himself with saying that he will give
the purse money to any charity Gov-
ernor Gillette will name, if the chief ex-
ecutive can show that the fight is to be
a fake.

Corbett today gave out a long in-
terview.
My honest in ring matters was
never questioned, and I was in the
ring for a long time," he said. "The
same is just as true of Jeffries.
There has never before been a breath
of word connected with his ring
career. The man never lived who
could truthfully say Jeffries ever en-
tered a crooked fight. He wouldn't
fight now and I wouldn't agree to
fight now. I was crooked in this fight.
He is going to win on the level."
Sounding for Jeffries and at his request
he said that every cent Jeffries is
to receive from this fight and from
the many pictures—nearly a quar-
ter of a million dollars in all—will
be devoted to any charity Gov. Gil-
lette can name if the fight can be
shown to be anything but on the
square.

WHAT IS IT?

What is it? Not a chair, not a door,
but something that is in the air,
and that is the answer to the riddle.

MITCHELL HOME ROCKED BY VANDALS WEDNESDAY EVENING

One of the most cowardly and despicable outrages that has ever been committed in Newark was perpetrated Wednesday night by unknown vandals when the residence of Attorney Andrew Mitchell, 56 North Second street, was broken into and considerable damage done.

Shortly before the midnight hour Mr. Dennis Bell, who resides in the house adjoining that of Mr. Mitchell, was aroused by a loud crash that caused him to spring from his bed and begin an investigation. He hurried out into the hallway but beyond hearing the really astounding footstep of several persons, was unable to discover anyone out of the ordinary, and was unable to account for the noise he heard.

Mr. and Mrs. Mitchell, who were absent from their home, spending the night at the residence of Mr. Connors, on Pearl street, were Mrs. Connors was lying a couch when their return home at an early hour Thursday morning discovered the front portion of their home in a badly dilapidated condition. The front porch was littered with broken glass, while the screen to the front door had a hole in it that was a man's head size, and the door was broken entirely off the hinges. The big front window, which was also broken, and the glass covered the floor of the front room. In the room were found two large boulders and the half of a brick, which had been hurled through the window. One of the boulders had struck the piano and the casing of the piano doors near the piano, while one of the parlor chairs was struck, one of the missiles. Had anyone occupied the parlor at the time the outrage was committed it is hardly to be believed that such a thing would have occurred, as the missiles were seemingly hurled with great force from two directions. Mr. Mitchell immediately reported the matter to the police, and a search will be made to find out the perpetrators.

ROUND TRIP FLIGHT

ACROSS THE CHANNEL. Calais, France, June 2.—Charles Stewart Rolls, an English aviator, got his machine in readiness early today for another attempt to make a round trip flight across the English channel without a stop. He started to leave such a flight a few days ago, but his machine failed to work properly and he had to abort before getting to the channel.

SUCCESSFUL FLIGHT.

Dover, Eng., June 2.—3 p. m.—Charles S. Rolls, Englishman, today made the third successful aeroplane flight across the English channel.

GOOD WAY TO DO BUSINESS.

In ordering a 50c bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at 25 cents, W. A. Erman & Son are giving one of the greatest trade chances ever offered to the people of Newark.

If food does not digest well, if there is gas or pain in the stomach, if the tongue is coated and the breath bad, if there is constipation and a graining, Dr. Howard's specific will cure you. If it does not, you have Druggists W. A. Erman & Son's personal guarantee to refund your money.

This remarkable remedy comes in the form of tiny granules and can be carried in the vest pocket or purse. It is very popular in New York City and it is not unusual to see someone after a meal at one of the large hotels or restaurants, take a dose of this specific, knowing that it will prevent the uncomfortable feeling which frequently follows a hearty meal.

PURSE WITH \$50,000 RECOVERED IN LOBBY

Minneapolis, June 2.—Stepping out of an elevator at the West Hotel on the way to his room, John M. Morris found a pocketbook containing certificates of deposit, checks, papers and cash worth \$50,000.

Realizing that if the owner of the pocketbook was like himself, a traveling man, he would be temporarily embarrassed by the loss of his small change, Mr. Morris first examined the papers, then went to the desk and demanded to see L. D. Stenous, of Baxter Street. That was the name on most of the papers.

When Mr. Stenous appeared and was handed his pocketbook he offered to tell on Mr. Morris' name. He asked Mr. Morris to accept a \$1000 bribe of his own, say a \$1000 bribe. He said Mr. Morris than to retain \$100,000 out of \$100,000 was offered for any last who should lose his pocketbook. Mr. Morris declined, waiting his hand and simply said to the manager of a man who has a lot of money.

Not to be pleased, Mr. Stenous then drew a rifle from his finger and pressed it into Mr. Morris' hand. It was given to him, he said, by his friend, the late Marcus Daly. Mr. Morris accepted the rifle. It is a seal ring and fits Mr. Morris' nicely.

Mr. Stenous then chained his pocketbook to his person and took the train back to Butte.

DOUBLE FLIGHT SUCCESS

Englishman Driving a Wright Biplane Makes Round Trip Across Channel

EXCELLENT TIME MADE

Hon. Charles Stewart Rolls of the Army Motor Reserve, Who Made Flight, Given Ovation.

Dover, England, June 2. — The Hon. Charles Stewart Rolls, captain in the London section of the army motor reserve, driving a Wright biplane, vindicated Anglo-Saxon aeronautics by crossing the English channel twice last evening without alighting. He made the round trip between Dover and Calais in ninety minutes.

While two Frenchmen, Louis Bleriot and Count De Lesseps, have crossed the channel in an aeroplane, it remained for an Englishman in an American machine to perform a double feat. The distance between the two points is 21 miles, so that his over water distance of 42 miles without a stop establishes a new record.

Captain Rolls left Dover at 6:30 o'clock. The atmospheric conditions were excellent. He lost no time in maneuvers, but after describing a circle, headed towards the coast of France. In anticipation of the flight torpedo boats steamed at full speed across the straits, but the pace of the aeroplane was swifter.

Captain Rolls sent his machine to a height of 800 feet, and at that altitude he skimmed through the air like a great bird. The motor worked perfectly. The crowd that watched the start confidently awaited the return, and it was not long before the speck, which those who had telescopes saw disappear on the French coast, reappeared, growing larger with every minute.

When finally the aviator became visible to the naked eye cheer after cheer arose from the enthusiastic spectators, and as he gracefully soared toward the landing place made famous by Bleriot he was given an ovation. He alighted at 8 o'clock at almost the same spot as Bleriot, showing little signs of the strain of the magnificent flight.

Captain Rolls was overwhelmed with congratulations as he dismounted, but he replied modestly. He said much of the credit was due to the biplane, which ran perfectly throughout the whole flight, not missing a single stroke.

As he was passing over Sangatte the aviator dropped a paper tied with tri-colored ribbons, containing the following message:

"Greeting to the Aero Club of France, dropped from a Wright aeroplane, crossing from England to France. Vive l'Entente."

Captain C. S. Rolls has successfully followed the sports of bicycling, automobilism, ballooning and aeroplaning. At Cambridge University he was the captain of the bicycle team. Later he competed successfully in numerous automobile competitions and was awarded the gold medal for his performance in the 100-mile trials of 1909 in England. He drove as the representative of Great Britain in the Gordon-Bennet race of 1905. Several times he broke the world's record for speed.

Captain Rolls has made more than 160 balloon ascensions. Taking up the sport of heavier-than-air machines he made a flight with Wilbur Wright at Le Mans in October, 1908. On May 27 last he started to make the cross-channel flight, but he had gone but a few yards when his engine failed and the attempt was abandoned.

Louis Bleriot and Count De Lesseps have successfully crossed the channel starting from the French side, but up to yesterday no one had made the flight with the start from the English coast.

THREE ALOFT AT SAME TIME. New York, June 3. — Spectators of the aeroplane flights of the Hempstead Heath on Long Island yesterday saw three aeroplanes aloft at once, circling, passing and re-passing each other at various altitudes.

Charles K. Hamilton, who has announced that he will compete in the promised New York to Chicago flight went up 1000 feet in a Curtiss biplane and remained aloft for half an hour.

The veteran Captain Baldwin made a cautious trial in a machine of his own invention.

Clifford B. Harmon, who proposes to cross Long Island Sound and the island itself to Greenwich, Conn., made a trial of 12 miles in a Farman biplane at a height of 200 feet and

came to grief in landing. He smashed his propeller and scrapped several staves, but escaped personal injury.

EXPECTS LONGER FLIGHTS. New York, June 3. — Greely S. Curtis, a New York aviator and brother of Assistant Secretary of State Curtis, says that much longer flights than the Curtiss flight from Albany to New York may soon be expected. Mr. Curtis arrived from Europe on the Teutonic. He said:

"The Wrights are proving the great stumbling blocks for foreign aviators who might come to this country. The foreigners all fear trouble awaits them here in legal actions by the Wrights."

WRIGHTS WILL ENTER. Dayton, June 3. — Orville and Wilbur Wright announced here last night that they will enter the long-distance aeroplane contests which have been announced if the conditions are favorable. The Wright machines have already been shipped for the forthcoming Indianapolis flights.

COUNT DE LESSEPS SENDS HIS CONGRATULATIONS. Paris, June 3. — Count De Lesseps, who recently crossed the channel himself, wired his congratulations today to Charles Stewart Rolls, who yesterday made the round trip flight over the channel.

"I had set my heart on being the first to make that trip myself," said De Lesseps. "There is nothing left now but to fly from England to Germany across the North Sea. I expect to see it done within the year."

LITERARY CRITIC AS A READY LOVE LETTER WRITER

New York, June 3. — Professor Harry Thurston Peck, holder of the chair in Latin at Columbia University, president of the Latin Club of America, mag-

azine writer and literary critic, has demonstrated that he is a ready letter writer. Miss Esther Quinn has just the well known writer for Squam for breach of promise and has produced scores of letters alleged to have been written by Professor Peck in the most endearing terms. Professor Peck is expected to fight the suit.

ARE CELEBRATING KING'S BIRTHDAY

London, June 3. — Schools and courts throughout the country are closed and flags are flying everywhere today in celebration of the king's forty-fifth birthday. Because of the national mourning there were no parades.

FOREIGNERS THREATENED

New York, June 3. — A missionary society with branches in China and business houses that trade there unite today in the opinion that for-

eigners throughout China are in a dangerous position. Efforts of the foreign legations to minimize the danger are severely criticized.

A vast network of Chinese secret societies working under an organization called the Triad is back of the present disturbance. A repetition of the Boxer uprising is threatened unless England takes some drastic action.

WOULD LIMIT THE DEBATES

Washington, June 3. — Conference were held today in an effort to limit debates on the postal savings bank bill to two days, one for general debate and one for debate under the five-minute rule. The Democrats are holding out against the plan.

SOLDIER

Hangs Self in Cell Rather Than Participate in Execution of His Father.

Vicenza, June 3. — While awaiting punishment today for refusing to take part in the execution of his own father by a firing squad, a Turkish soldier named Affa hanged himself in his cell. The soldier's father, Affa Bey, was a prominent Albanian magnate who joined the recent revolution.

FIGHT

Looked For on Bill Which May Mean Dismissal of Director Newell, of Reclamation Service.

Washington, June 3. — A fight is looked for today when the house bill providing for an increase in the efficiency of the army engineer corps comes up in the senate. Many regard it as a step towards the dismissal of Director Newell, of the reclamation service. Suspicious centers on the provision empowering the president to detail army engineers to all government construction work.

COMPROMISE

Of Conference Committee on Railroad Bill Will Have to Suit House Senate and the President.

Washington, June 3. — There are so many differences between the senate and house railroad bills that a lively fight is looked for when the conference committee tries to arrange a compromise to suit house, senate and president. Senator Aldrich and Representative Mann are prepared for every angle of the fight. Each is strongly insistent for the protection of his branch of the legislative mill. The commerce court is the big bone of contention.

UNABLE TO MEET TAFT

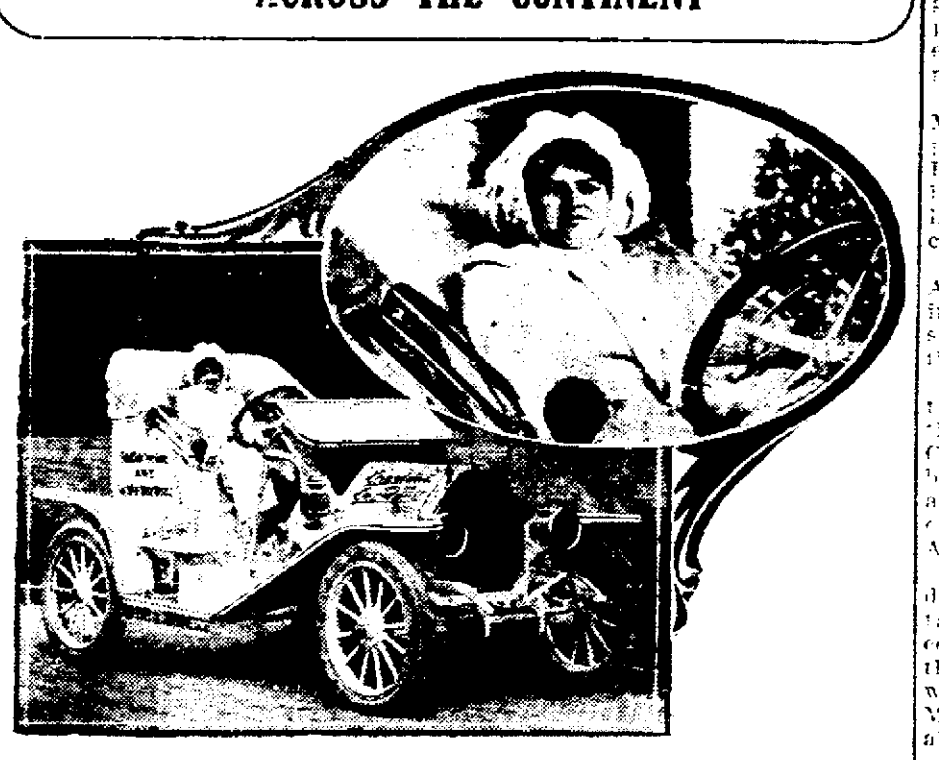

Columbus, June 3. — Wade Ellis, chairman of the Republican state executive committee, was unable to meet President Taft at Ada today, being confined to his bed at the Southern Hotel, suffering from gall stones.

STILL IDEAL IF HEART IS BROKEN

Boston, June 3. — Proclaiming through tears that she has been badly deceived, Miss Esther Quinn said at her home here today that she will refuse to compromise her \$50,000 breach of promise suit against Prof. Harry T. Peck, of Columbia University.

"He is still my ideal, though he has broken my heart," said Miss Quinn.

ACROSS THE CONTINENT

Miss Blanche Scott and another young woman left New York May 15 in her Overland motor for a transcontinental trip. Miss Scott was in Columbus this week and had a chat with Governor Harmon, who was much interested in her tour and asked many questions concerning it. At Dayton Miss Scott witnessed the flight of the Wright Brothers at Aviation field.

GAINED COMPLETE VICTORY

Insurgents Annihilated Government Forces on Nicaraguan Battlefield

CAPTURED 400 PRISONERS

American Protection in Bluefields Is Greatly Appreciated by Foreigners.

Washington, June 3. — Latest advices from the battlefield in Nicaragua show that the insurgents, under General Estrada, have gained a complete victory over the government forces.

Senor Castillo today received cables sent by Secretary Diaz from Bluefields via Colon, saving the armies of Generals Lara and Godoy had been annihilated.

From General Rivera, Senor Castillo also received cables reporting the Chamorro took 400 prisoners, great quantities of ammunition and all the field pieces the Madrid forces possessed.

More than 200 wounded were taken by the provisionals and cared for. Owing to the character of the country the flight of the Government troops to the base of supplies at Rama must be a long and arduous journey at this season of the year would be impossible.

Before annihilation of the remnants of the Government forces could be effected three days ago Castillo believed General Menéndez could take what is left of the Government army at that place.

The decree issued by Dr. Irujo, in command of the Madrid, was vessel Venus, at Bluefields, to the effect that no vessels will be permitted to enter that port after June 1 without the consent of the Madrid Government and without having first paid duties at the Custom House in Bluefields. Should Irujo attempt to prevent any American vessel from entering the harbor without first paying duties at the bluff he will do so at his peril.

This is the announced position of the United States Government.

It will be recalled that Secretary Knox, in his telegram to Captain Gilmore last Tuesday, stated in effect that the United States admitted the right of the Estrada faction to collect customs for Bluefields and denied this right to the other faction, and inasmuch as the United States recognized neither faction as a government of Nicaragua, but merely as in de facto control of portions of the country, proclamations of either party which are inconsistent with this attitude are without effect on the United States and its citizens.

A belated telegram from Consul General Moffat, Bluefields, states that the number killed in the recent engagements near there was about 150, with 250 wounded.

A dispatch from Managua, however, says that President Madrid declares that there is no truth in the report that his troops were defeated at Bluefields. General Estrada's column, he says, is now concentrated at Cochara, to the south of Bluefields, owing to the rigors of the rainy season, and with the object of operating to greater advantage against the enemy.

In the operations around Bluefields, the President's army, General Godoy suffered some losses which the enemy greatly exaggerated for political purposes. General Carrizosa, who is operating against Estrada, has suffered no reverse.

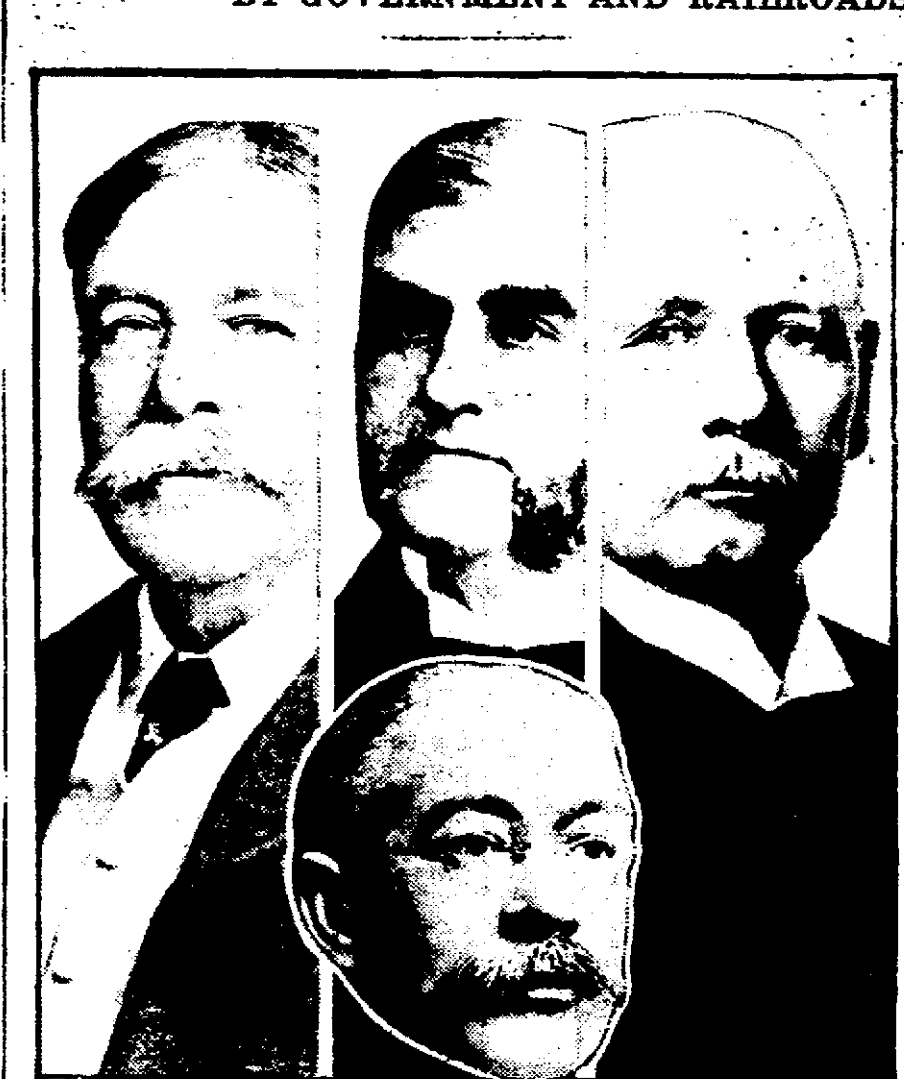

"Our forces," continues President Madrid, at the present moment occupy the bluff at Laguna de Las Perlas and Bluefields are dominated by our ships. The enemy's shells have taken refuge up the shore, he concludes.

The protection afforded by the American flag is widely appreciated in Bluefields. Chinese merchants estimate a considerable percentage of the shopkeepers at Bluefields.

When it was reported last week that the town might be attacked by the Madrid forces they raised the Chinese flags over their places of business. Then a Spanish man-of-war arrived on the scene and the Chinese dragon was lowered and the American colors hoisted.

To further emphasize the confidence in the protection afforded by the American flag, the Chinese, contrary to all precedents, closed their stores of goods to the names of the poorer class people in town. Many of the other nationalities were also prompt to hoist the American colors.

GIANT LEGAL BATTLE TO BE WAGED BY GOVERNMENT AND RAILROADS

Washington, June 3. — The restraining order secured by Attorney General Wickham forbidding 25 western railroads from increasing their freight rates is going to bring forth one of the greatest legal battles in the history of the country. R. B. Hilder of the Santa Fe, Marvin Rudolph of the Northwestern and J. T. Harahan of the Illinois Central have been appointed a committee by the roads to fight the case. A number of important conferences will be held at the White House within the next week, and the policy of the government will be agreed upon. In Chicago scores of railroad attorneys, making reference as to what steps shall be taken to defeat the move of the attorney general.

PRESIDENT TAFT ADDRESSES BIG CROWD AT ADA SCHOOL

Ada, O., June 3. — Muckrakers, unscrupulous lawyers, socialism and modern newspapers were denounced today by President Taft in his address to the graduating class at Ohio Northern University here. He predicted a financial panic within the next decade, but said it would be merely a check to a great wave of prosperity.

Ada, with 3000 population, augmented by about 1500 visitors, gave President Taft the most enthusiastic reception he has received in many a day. Four companies of Ohio militia fought back the crowd as the Taft train arrived. At the college he was given a noisy welcome by the students. Some of the things Taft said were:

"There is as much room for firm men in business today as there ever was."

"I regret that in the present generation the strongest young men have not been attracted to the ministry."

"The conduct of the defense of criminals in this country and the extremes to which lawyers believe themselves justified in going to prevent the law from taking its course."

over act of either faction directed against this Government, its citizens or their property rights, should make it necessary, no time would be lost in bringing the responsible party to account."

SUDDEN FALL KILLS JOCKEY

Cincinnati, June 3. — Jockey Fred Lamb, mounted on Stallion Lad, was instantly killed when his mount fell at the home stretch during the closing race.

KOHLER TRIAL AT CLEVELAND

Cleveland, June 3. — Over 40 witnesses have already testified in an effort to prove the charges of drunkenness against Fred Kohler, suspended police chief, and more were expected today. The defense published a list of its witnesses, which contained names of many of Cleveland's most prominent men. Kohler will not call a single witness from the first.

DENIALS ENTERED BY FIGHTERS

Governor Gillette's Statement Splits the Fight City of Frisco

TEX RICKARD SPEAKS UP

Would Not be a Party to Any Fake and Will Stop the Affair Upon Least Suspicion.

San Francisco, June 3. — With the fight between Jeffries and Johnson still a month off, interest in the match has been accentuated by Governor Gillette's statement, made yesterday in Chicago that the fight is a frame up, with Jeffries picked as the winner.

While Frisco fight fans admit that Gillette's information is second hand at the best, and possibly biased because of the constant hammering the governor has received from the reformers, it is nevertheless true that his interview has split this city almost as badly as the earthquake. Every man, woman and child here has a decided interest in the fight and the population has been divided into two camps, one of which, anxious to have the fight pulled off, denies that it is to be a "frame up," while the other, anxious to have the fight called off, is making capital out of Gillette's interview.

Frisco people are wondering upon what ground Governor Gillette based his assertion that the fight was not "on the level." They believe that if Gillette has positive knowledge that the fight is to be crooked he should find some way to prevent it. If, on the other hand, he declared the fight was to be a fake simply because he believes all of the fights are fakes, sporting men declare he has injured his own cause by making a rash assertion without proof to substantiate it.

Jeffries and Johnson have both entered bitter denials. Jeffries points to his long career in the ring as proof that this fight is not crooked. Johnson, however, can point to no such record. He has been a notorious faker. He has been "caught with the goods" in a number of fake fights, but he declares those were pulled off when he needed money for "casts." Now that he is fairly rich and his title as world's champion is at stake, he declares nothing could induce him to lay down. His handlers point to the fact that the personal animosity between Jeffries and Johnson is so great that they would fight in earnest, no matter what previous understanding had been reached.

Tex Rickard, who is to manage and referee the fight, in an interview today declared he would enter the ring with his eyes wide open.

"If there is the first semblance of a fake, I shall stop the fight, declare all bets off and refund every cent of the gate money to those persons who paid to see the battle. But I know there will be no fake, else I would stop paying out my good money in the preliminary arrangements."

The church people do not intend to let the matter drop. The moment Governor Gillette re-enters California, he will be made the target for a broadside of letters demanding that he stop the fight. There is little likelihood that Gillette will interfere, but the reformers have not given up hope.

CORBETT SPEAKS FOR JEFF.

Rowlandson, Cal., June 3. — Jas. I. Corbett has been selected as spokesman for the Jeffries camp in replying to the interview with Governor Gillette. Corbett declares the fight is most positively not a frame up. Jeffries, boiling mad, has contented himself with saying that he will give his purse money to any charity. Governor Gillette can show that the fight is to be a fake.

Corbett today gave out a long interview.

"My honesty in ring matters was never questioned, and I was in the ring for a long time," he said. "The same is just as true of Jeffries. There has never before been a breath of scandal connected with his ring career. The man never lived who could truthfully say Jeffries ever entered a crooked fight. He wouldn't be in now and I wouldn't agree to a change for nothing and help train him if he was crooked in this fight. He is going in to win on the level. Speaking for Jeff and at his request, let me say that every cent Jeffries is to receive from this fight and from the moving pictures—nearly a quarter of a million dollars in all—will be devoted to any charity Gov. Gillette can name if the fight can be shown to be anything but on the square."

James and Agatha

By E. PAIN

James, as you may already have guessed, was a very conscientious young man. As a boy he had been known at cricket to dispute the decision of an umpire in his favor.

Shortly after he became a reviewer of fiction for the Daily Record it happened that he met Agatha.

It was shortly after Agatha had become governess that she and James met. Her face was wholesome and practical rather than beautiful.

"I would not have you different," said James. This was quite the right thing to say, as he had seen it in a book.

"East side of Waterloo Bridge, about six tomorrow," said Agatha. "Right," said James promptly.

The next morning there was brought to his rooms a large parcel of novels from the Daily Record. He groaned, because that meant work, and even the reading of novels is not pleasant if you happen to be paid for it.

He tore his mind away from romance in real life and settled down to romance as it is written, and the very first volume that he picked up was entitled "A Love of Other Days," by Agatha Brown.

He noticed the name of the publishers with regret. Agatha would have done better to have consulted him. Then he read the book and buried his face in his hands for that novel by Agatha Brown was about the most puerile thing in fiction that had polluted his chambers for the last eighteen months.

Here, then, was the conflict between love and duty. Duty was scratched and love walked over. By the greatest genius that the country had yet seen. But his heart was broken. For once he had not been conscientious. He could not live with that stain upon his soul.

"What on earth are you talking about. I've not written any book. I shouldn't be so silly."

"Then somebody else with your name has."

"Yes, she! What clock?" She still looked at James somewhat inquiringly. He had an uneasy sense that she was expecting him to say something and that he was not saying it.

"Well," he said, "what did you mean then by saying that you were going to appear in a new light?"

The rest of his interview with Agatha was far from pleasant. But his column review of the novel by her namesake was reduced to two lines on the subject of Wardour street rubbish. And he was still conscientious.

FOR WOMAN'S EYE

The girls of the L'Arrabbiata club
held an outing at Bucking Lake Mc-
morial day. The day was enjoyed by
all in the different amusements and
at 5 o'clock they repaired to the
Hotel Glass where a delicious dinner
was partaken of.

Those who enjoyed this frolic were
Misses Ruth Perry, Frances Teaf,
Irene Haddet, Esther Kissane, Karen
Monnet, Wilma Toth, Ruth Winter-
muir, Edith Welch, Margaret Randle,
Isabel Somers, Ida Schenk, Lucy
Randle, and Nettie Smiley of Colum-
bus.

Mrs. Charles J. Grac entertained
the Echoes club at her home in Wy-
oming street on the regular club day.
Five tables progressed and the for-
tunate contestants were Mrs. Frank
Stidder and Mrs. Jennie Johns. Mrs.
John Miller received the guest's prize.

The guests of the club were Mrs.
Dr. Miller, Mrs. John Copeland, Mrs.
John Miller, Mrs. L. E. Marceau, Mrs.
J. Roth, Mrs. Muntz, Mrs. Elizabeth
Connell, Mrs. James Galliger and Miss
Gwendolyn Bamey. Delicious refresh-
ments were served. The club will meet
with Mrs. Jennie Johns in two weeks.

The Davies club held its annual pic-
nic on Memorial day at Buckeye Lake.
The merry crowd journeyed to the
lake and then hied forth to the Brad-
ford cottage where a day full of all
sorts of pleasures was spent. At one
o'clock a delicious picnic dinner was
served by the club to their friends.
The afternoon was spent in various
ways and enjoyed by every one. A
delightful luncheon was served at seven
o'clock and this closed the pleasures
of the day. This was the last gather-
ing of the club and their friends until
September and caused many partings
for homes, both East and West.

Mrs. B. Bunker of Cuyahoga, Colo-
rado, chaperoned the young people. Those
who shared the pleasures of the day
were the Misses Mabel E. Soliday,
Mabelle Mitchell, Margaret Bennett,
Maude Sanford, Mae Colby, Jane Ben-
nett, Ruth Weaver, Marie H. Bolin,
Florence E. Van Atta, and the Messrs.
Marvin E. Lenny, Howard Plisk, James
Armenrout, George Kirk, David John
Bennett, H. Wayne Welch, all of this
city, and the Misses Celia Campbell,
Florence Huston, Bessie Chum and
Messrs. Ray Van Atta and Ray Chum
from the Ohio State University, and
the Messrs. F. Clare Kent, Zoe Brown,
and Tracy Patrick from Denison uni-
versity.

Mr. Otto Rutherford of Zanesville,
and Miss Myrtle Priest of this city,
were entertained by Miss Myrtle Cun-
ningham Thursday evening. The time
was pleasantly spent in playing
euchre and having a good social time.
Light refreshments were served.

The Wednesday Afternoon Sewing
circle was pleasantly entertained this
week by Miss Ethel Brillhart of West
Locust street, and a few delightful
hours were spent with the needles.
At five o'clock a dainty repast was
served to the club members and Miss
Louise Norpell, who was a guest.

Miss Jeannette Logan of Franklin
avenue, Columbus, entertained with a
shower on Thursday afternoon, com-
plimenting Miss Ruth Jim Clark, the
fiancee of Mr. Edgar Willard Seeds. In
the dining room a pretty design of
Killarney, roses and forget-me-nots
decorated the table. Among the guests
was Miss Helen Jones of Newark.

Miss Ocie Miller of Woods avenue
entertained informally on Thurs-
day evening out of compliment
to Miss Gertrude Wolfe of Cen-

Indigestion Cured

Mrs. D. H. Yowell cannot praise Duffy's Pure Malt Whiskey too highly. It completely cured her after she had suffered from indigestion for years and when nothing else did her any good. She says it is the greatest remedy in the world for all stomach troubles.

"I wish to testify to the excellent results obtained through the use of Duffy's Pure Malt Whiskey. I had suffered for years with indigestion and had tried different remedies but received very little relief, so I tried Duffy's Pure Malt Whiskey and the effect was wonderful. It is the best stomach remedy in the world. I can recommend it most highly to any one suffering from indigestion or any stomach trouble." Mrs. D. H. Yowell, 321 So. Pine St., Richmond, Va.

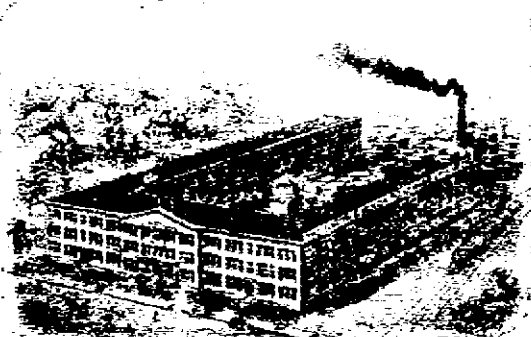

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain. When taken at meal-time it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It makes the old feel young and keeps the young strong and vigorous.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet, containing testimonials and rules for health, both sent free.

BOSTONIANS

Have No Use for Roosevelt and Turn Down Book of Cartoons of the Ex-President.

Pittsburg, June 3.—It has been demonstrated by Raymond Gross, of this city, that Colonel Theodore Roosevelt is very unpopular in Boston. Gross recently published a book of 150 cartoons of the colonel. It was turned down at the Hub on the ground that Bostonians have no use for Roosevelt and refuse to purchase Roosevelt books.

AN EXPERT'S OPINION OF SKIN DISEASES.

A prominent, national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Mr. T. J. Evans will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

MITCHELL & MIRACLE have a swell selection of shirts for summer wear. Look at them.

POLICE COURT.

Mary Boles, the woman who wrecked the window at the Joe Dry shoe shop and who furnished plenty of excitement at the Jackson Hotel yesterday morning before she was arrested by Officer Hager, was given 30 days in the county jail this morning.

William Forgraves, charged with stealing a bicycle from the residence of C. W. Douce, was bound over to the probate court in the sum of \$100. As he was unable to furnish bond, he was taken to the county jail.

Frank Leven has arrested in Canton yesterday by the police when he was trying to sell a number of pocketknives and razors. Leven was reported the burglary of the Jones hardware store to all the nearby cities. Officer Burke went to Canton this morning to return Leven to this city, when he will be formally charged with the burglary.

**Free Sample Digests
What Stomach Couldn't**

When a person finds himself suffering from chronic indigestion, there is just one of two things to do: Discontinue the use of food almost entirely or obtain something that will digest the food for you until your stomach muscles are in working order again.

It is possible to obtain a remedy that will digest food even when the stomach can't, and we can obtain the word of many reputable people to prove it. Since indigestion is usually complicated with constipation and liver trouble it is necessary to get a remedy that has laxative as well as digestive properties, and which at the same time contains ingredients that will tone and strengthen the stomach and bowel muscles. Such a remedy, according to the testimony of people for a quarter of a century, is Dr. Caldwell's Syrup Pepsin, which can be obtained of any druggist at fifty cents or one dollar a bottle, as it comes in both sizes. But if you are one who has never used this grand remedy, and you would like to make a test of it before buying of your druggist, then send your name and address to Dr. Caldwell and he will gladly send you a free sample bottle for trial. In this

way thousands of people have been brought to use it. You cannot obtain a better or more reliable remedy for general family use as it is very curative in constipation, liver trouble, our stomach, sick headache and other troubles caused by disorders of the stomach, liver or bowels. Thousands of families like that of Mr. Frank Connor (108 State street, Madison, Wis., and Mrs. Virginia Cunningham of Weir, Ill., no longer use the ordinary "dyspepsia cures" for indigestion, nor cathartic pills or salts for constipation, but they get Dr. Caldwell's Syrup Pepsin, which is true and more genuine, milder and more pleasant, and yet thoroughly effective. Try it and see the good results you will obtain.

Dr. Caldwell personally will be pleased to give you my medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in detail and he will reply to you in detail. For the free sample simply send our name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 510 Caldwell building, Monticello, I.

**SPUDDING
ACTIVE IN
OIL FIELDS**

Many New Wells Are Going Down in New Territory—Several Good Producers.

The Kenyon Oil and Gas company, on the Snider farm near the Junction City field, started a well which will likely be drilled in by July 1.

In the deep sand territory at Junction City, in Perry county, Ohio, the Blennerhassett Oil company has completed a test on the Miller lands lot and has a 25-barrel producer in the Clinton sand. This location is 1,000 feet northeast of the good producer on the Adam Bowman lot. In the same locality the Dividend Oil and Gas company has completed a second test on the D. A. Clark farm and has a show for a 30-barrel producer.

In the Lowell district, in Aurelius township, Washington county, Stephens and Serberry have completed No. 18 and have a 25-barrel producer in the Buell sand.

In the Caldwell district, Noble township, No. 10 county Chris McKee has completed and shot his No. 10 on the Harvey Furnhouse farm and has a 10-barrel producer in the Berea grit.

The Ohio Central company has completed another good well on the Shriver lease at the Junction City field. It is reported to be good for better than 40 barrels a day.

Contractor F. J. Snyder placed the derrick on the site of James Brin-

garden in Jackson township for well No. 2 and will start drilling as soon as the derrick is completed. Well No. 1 on this lease is proving to be among the choice wells of the field.

The Holiday company will start another well on the Bringardner farm northeast of Junction City within a few days. This territory looks very promising since the big well was drilled in some time ago on the James Bringardner farm.

The Twin City company drilling on the Henderson lease in the Junction City field reports its well to be at a depth of 2100 feet and drilling is progressing rapidly. It is reported that this company contemplates paying a dividend in June.

The Southern company drilled in its well No. 1 on the Bringer-In-Coult farm in Jackson township last week and it is reported to be good for 30 barrels per day. This well lies just east of Junction City corporation.

The Columbus Gas and Fuel company will drill in its well No. 1 on the J. W. Wandell farm the last of this week or the first of next. This well will test a nice block of leases in that vicinity and it is struck in paying quantities a number of wells may be looked for.

The Capital company is rigging up its well No. 1 on the C. E. Johnson farm in Jackson township and will start drilling at once. This well is located just across the fence from the big well struck by Contractor Fishel some time ago on the James Bringer-In-Coult farm.

The Twin Bridge Oil and Gas company will start drilling its well No. 2 on the R. J. Snyder farm in Jackson township this week.

The Ohio Fuel company is in luck. It has drilled in several wells during the past week, all of them proving good producers. The well on the Showman farm, in the Cherry Valley, was drilled in Monday, and although not a very strong producer is good for a million or more feet per day.

The B. & O. company, which had the misfortune to lose its tools in its well No. 2, on the Baldwin lease, in the Bremen field, some time ago, is still fishing for them. This has been one of the longest fishing jobs in the Bremen field.

The Ohio Fuel Supply company finished its third well on the Nelson Myers farm near Leck, and a dry hole was struck. This is the third straight failure, not a good well having been struck on this lease, and it is very probable that the field will be abandoned there.

The Holsey well on the Spencer Phillips farm south of this city, came in for one million volume several days ago.

The Ohio Fuel company is arranging to add two pumping engines of 1,000-horse power each, to its Homer station.

Another big well was drilled in a few days ago east of Utica, reported to be eight millions volume. This was a slight exaggeration, but it was shut in at good six millions. It is located on the Finney farm of Mrs. Shannon, in the Purdy neighborhood, and is the property of the Logan company.

The Utica Gas, Oil and Mining company has two more wells under way. One is located on the south end of the Ben Weaver lease on the north end of which a dry hole was drilled a few weeks ago, and the other is on the Phil Bencar lane 4 1/2 miles east of town. It is hoped that the dry hole on the Weaver tract is in a hard streak and that good pay sand will be found further south. The Bencar location is near the big Edmar well and not a great distance from the good Adrian and Mitchell wells.

LARIMORE HAWKINS FAMILY REUNION

The annual reunion of the Larimore-Hawkins families was held at the home of Mr. and Mrs. W. A. Wintermute near Mt. Liberty Wednesday. A large number of relatives assembled to take part in the reunion, there being one hundred and fifty-one in all, some coming from the following places: Columbus, Delaware, St. Louis, Centerburg, Oregon, Johnson, Granville, Homer, Bratton, Mt. Vernon and Black Lake, Ohio. A big dinner was served by the hostess at noon under a big tent. The afternoon was spent in a picnic and in the evening a large fire was lighted and the family gathered around it. The reunion was a most successful one and all enjoyed it very much.

PLANNING FOR HARD CAMPAIGN

Republican Congressional Committee Is Active.

TO BE OPENED ON AUG. 15.

Chief Fight Will Be Made on the Tariff—President Taft Will Take an Important Part, and Colonel Roosevelt Has Been Asked to Help—Opposition Also Busy.

Washington, June 3.—The Republican congressional committee is completing its plans for the campaign. The opening is scheduled for Aug. 15, and the chief activity will be in mailing speeches already made and in sending out people who will make more speeches. There will be an eastern headquarters in charge of Representative Loudenslager of New Jersey and a western headquarters in charge of Sergeant-at-Arms Casson of the house and of Secretary Eversman, with Chairman McKinley vibrating back and forth between the two headquarters. There are growing indications that the chief issue will be the tariff and the Republican campaign will be in the main a defense of the Payne-Aldrich law. It is designed to have President Taft make speeches in a number of close districts and, if possible, to draft Colonel Roosevelt for a like service. The committee has already done a large amount of work in mailing out speeches and in sizing up the situation in doubtful districts. The Democratic committee, with Chairman Lloyd at its head, has been equally active. As for the insurgents, they are not talking much about their plans, but it is known that in other states besides Iowa there is a movement on foot to contest the primaries and the nominating conventions in every district where there is a chance of success. Altogether it promises to be the hardest fought congressional campaign in recent years.

Railroad Bill Near Conference.

The railroad bill being practically ready to go to conference committee, it is probable that the senate will next take up the conservation bills and after these are passed and the appropriations are disposed of that congress will adjourn. It now seems hopeless for the statehood bill at this session. The anti-injunction bill has also fallen by the wayside. The postal savings bank bill has already passed the senate and has now become the problem of the house. As for the railroad bill, it has been so radically amended in both houses and the amendments have been so different that it is impossible to predict its form when it comes out of conference committee; but, whatever shape it finally takes, it can scarcely bear more than a remote likeness to the measure prepared by Attorney General Wickens. The pooling sections have been taken out by both houses, the senate has eliminated stock regulation, and the house has added telegraphs and telephones and physical valuation. These are but a few of the more important changes. Both bodies put in long and short hand sections, though differing in their provisions. The commerce court has been retained by both senate and house.

A New Taft Tour.

The president is on another round of visits, and the capital will see little of him till after July 4. During June he will attend a number of college commencements, dodging back into Washington between dates. From now till June 5 he will be away, and again from June 18 to July 4 he will be out of the city much of the time. The date of adjournment is yet undetermined by congress, but with the railroad bill so nearly out of the way the end of the session will probably be hastened.

Beverly Ready For Taft Family.

However it may fare with the president, the summer home at Beverly is being put in order, and Mrs. Taft will be there as soon as the fares will permit. Her health improved there to such an extent last year that she is looking forward to the rest and the relief. The strain of the White House season has told on Mrs. Taft, who has been compelled to excuse herself frequently, although these occasions have been rarer of late than during the winter.

New Orleans In Dead Earnest.

The troubles with the big landslide at Oniebra cut are not a marker to the tribulations the government is going to have in deciding what city is to have the Panama canal exposition. When New Orleans is so anxious for the big fair that she is willing to forgo the privilege of entertaining the world, it would indicate that, in Rocky mountain magazine parlance, she is "some serious." Just what can San Francisco and Washington do to show that they are equally in earnest?

Is Gardner a Good Witness?

An order to Representative Washington Gardner of Michigan, who was once a divinity student, there are few drinking men in congress. Mr. Gardner told it to a delegate to the recent Sunday school convention, and the delegate told it to the world that during twelve years' service in the house Gardner had known only eight legislators who were seriously addicted to the use of strong liquors. But it was just like the sly dogs to conceal it from Gardner!

Miller Acquitted.

The case of Ohio vs. John Miller, charged with highway robbery, was tried to a jury in the common pleas court and a verdict was returned of not guilty. Ray Martin represented the defendant.

Notice of Hearing.

In the case of Samuel Shrider vs. Mary L. Shrider, the plaintiff has been notified that a motion has been filed by the defendant to require the plaintiff to give security for costs.

Motion Filed.

In the case of the State of Ohio vs. Lewis J. Bolton, the defendant has filed a motion to arrest the judgment against him for keeping a place where intoxicating liquors are sold in violation of the county local option law.

Divorce Petitions.

Anna May Barrett has commenced suit in the probate court for divorce from William L. Barrett. Plaintiff says that she was married to the defendant Nov. 22, 1905, and that two children were born of the marriage, one now 2 years old and the other 21 months. For cause of action plaintiff says that the defendant has refused to provide for them and also charges him with extreme cruelty. Plaintiff asks to be divorced and that she be allowed permanent alimony. She also asks that defendant be enjoined from disposing of or interfering with her property and from interfering with her as to the custody or control of the children. She asks & Smythe, attorneys.

A petition has been filed in the probate court by Elizabeth Beene, for divorce from her husband, Howard Beene, to whom she was married in August of 1909. She charges her husband with failure to provide. Plaintiff asks that she be given a

GREW COLD AND NUMB

ALARMING ATTACKS SUFFERED BY AN ILLINOIS WOMAN.

Her Nervous Trouble Followed St. Vitus' Dance and There Was Reason to Fear Paralysis. She Tried the Tonic Treatment and Was Cured.

Mrs. Ida L. Brown, of No. 1755 DeWitt avenue, Mattison, Ill., tells of her cure by Dr. Williams' Pink Pills, as follows: "When I was sixteen years of age I had St. Vitus' dance and suffered for many years before finding a cure. It became so bad that one hand, half of my face and half of my tongue would get cold and numb. These feelings would come on gradually, last for a short time and then go away. They would occur several times a day. Besides I would have pain on the left side of my head and a great deal of nervousness. I would suddenly grow weak, without any apparent reason and my strength would get so low that I could hardly breathe. I had these miserable symptoms during a great many years, and as time went on they kept coming on more and more. I was almost a nervous wreck. I would have a great deal of nervousness and a great deal of weakness. I would suddenly grow weak, without any apparent reason and my strength would get so low that I could hardly breathe. I had these miserable symptoms during a great many years, and as time went on they kept coming on more and more. I was almost a nervous wreck. I would have a great deal of nervousness and a great deal of weakness. I would suddenly grow weak, without any apparent reason and my strength would get so low that I could hardly breathe. Pot and Pan Philosophy

All the soap and muscle in the world won't clean your pots and pans as they should be cleaned.

Ordinary washing of cooking utensils passes over whole hidden nests of little wigglers—commonly called germs.

Gold Dust is an antiseptic washing powder that not only removes the visible dirt and grease, but goes deep after every trace of germ life—sterilizes pots, pans, pails and kettles—leaving them clean, wholesome and safe.

Just shake a little Gold Dust in your dish-water and it will make your pots spick and span as when new and your tins shine like silver.

RE-OPENING OF NORTON BOOK STORE

Decorations Complete and Formal Opening Will Occur Tomorrow, When Souvenirs Will Be Distributed.

One of the most elaborate displays and the only one of its kind ever attempted in Newark is that at the Norton Book Store, with entrances at 29 West Church street and 26 Arcade, which has its grand formal opening on Saturday, June 4, after having been closed for about a month undergoing repairs since the fire. Everything is new in this popular store, and the management has gone to an enormous expense to make it one of the finest and most complete stores in the state.

The decorations are beautiful and show much work and great expense. A large number of small elm trees are arranged artistically inside, as are also many branches laden with apple blossoms, pine branches, carnations and ferns, which make the interior a veritable bower of beauty. Mr. Norton has just added to his already large stock a complete line of golf paraphernalia and most attractive is the display of these goods at the Arcade entrance. The window, as well as a cozy corner, is scented, and the rustic effect is completely carried out, above which green boughs and their approval of the scene. Were it not for the small space allowed for this display, one could easily imagine oneself suddenly transferred to the real golf links.

A rustic booth has been arranged in the center of the store, where a graphophone is placed that will furnish music throughout the day and from where two young ladies will dispense coffee, beautiful souvenirs, small gift books containing Kipling's works. Valuable prizes will also be given away on this day and every visitor is asked to register, when they will receive a number that will entitle them to a chance on one of the following: First, \$10 picture; second, \$4 fountain pen; third, \$1.50 book; fourth, year's subscription to Ladies' Home Journal; fifth, year's subscription to the Saturday Evening Post.

Another of the many inducements for every resident of Newark to visit the Norton Book Store on Saturday is the wonderful bargains that have been made especially for the opening day and of which one can read in the advertisement on another page of this paper. The sales force will be enlarged to accommodate the crowds and everybody is invited to visit the store and they will receive prompt and courteous attention.
